

General Location

Our building is located in the business park just west of I-15 and south of 10600 South in South Jordan, Utah.

Directions to the Office Building

Exit I-15 at 10600 South and head west to the intersection of 10600 South and the River Front Parkway. Turn left at the River Front Parkway and continue until you come to the first large office building on your right. The number on the building is 10808. If you go just past the building, you'll come to a round-about. Take the first right-hand turn out of the round-about and then an immediate right and you'll find yourself in the parking area in front (on the south side) of our building. As you enter the parking area, you should see several spaces marked "Visitor". You can park in any open Visitor space there, or if none are available, you go around to the side or back of the building and park in any available space.

Picture of Our Office Building

At the Building

When you enter the building, use the elevator (located approximately half way between the north and south entry doors) to come to the 3rd floor. After exiting the elevator on the 3rd floor, turn to your left and proceed to the reception area for the RiverPark Executive Suites. If you tell the receptionist you are there to see us she will let us know you are there and we will come greet you.

If you find some part of these directions to be confusing or in need of improvement, please let us know!
